

BISOFT PERLA

Concentrated premium fabric softener with continuous excellent odour performance

Application

- For softening of hospitality textiles (towels, bed linen) and clothing whereas a long lasting perfume is required.
- Suitable for cotton and polyester-cotton.
- For use in soft and medium hard water.
- Suitable for automatic dosing.

Properties

- Continuous excellent odour performance, also after the dryers.
- Long lasting perfume, even at end user's site.
- Optimal softening effect, also at short cycle times
- Facilitates the ironing.
- Diminishes static electricity build-up.
- No staining on coloured fabrics.
- No deposits in ironers.
- To be dosed in the last rinse cycle.
