

POLY

Powerful detergent powder for linen rewash purposes

Application

- Heavy duty laundry powder for the rewash of flat and work wear, cotton and polyester-cotton.
- Can be used for all wash and machine systems in soft water hardness's.

Properties

- Washes intensively coloured and white fabrics from 60 °C.
- Good soil suspending capacity.
- Prevent incrustation of hardness salts on textile.
- Medium foam profile.
- Does not contain any bleach.
- Economical – low dosage.

Dosage

Dosage g/kg dry textile:

Flatwork: 4 – 6 g/kg laundry

Workwear: 15 – 20 g/kg laundry

Adapt the dosage depending on the soil degree.

Pre-wash: 5 - 10 min. at 30 - 60 °C

Main wash: 10 – 15 min. at 85 °C

Contains (EC-regulation)

< 5 % Phosphates

5 - 15 % Non-ionic surfactants

Contains also carbonates, silicates, stabilizers, dispersants, additives, optical brighteners.

Physico-chemical properties

Density:	956 g/l (untapped)
	1076 g/l (tapped)
Total alkalinity (1%):	7.89 g/l (Na ₂ CO ₃)
	14884 mel
Active alkalinity (1%):	3.30 g/l (Na ₂ O)
pH (1%):	12.4

Environment

- The containing surfactants comply with the European Union Directive EU648/2004 on Biodegradability of Surfactants.
- Does not contain alkyl phenol ethoxylates, EDTA, NTA.
- COD-value: 157.000 mg/kg

Danger symbol

Corrosive UN 3262

Meets European directives on the classification, packaging and labelling of dangerous chemical substances and preparations.

Special remarks

Store in a cool and dry place.

Packaging

Bag 25 kg
